APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:	
This permit is issued subject to all existing rights on the	
source. A substantial headgate and measuring device must be installed	-
and maintained to facilitate the measurement and control of water. The	
State retains the right to regulate the use of the water herein granted	
at any and all times.	
The amount of water to be appropriated shall be limited to the amount	
which can be applied to beneficial use, and not to exceed 0.25	
cubic foot per second.	
Actual construction work shall begin on or before March 22, 1959.	
Proof of commencement of work shall be filed before April 22, 1959	
Work must be prosecuted with reasonable diligence and be completed on or	
before March 22, 1960.	
Proof of completion of work shall be filed before April 22, 1960.	
Application of water to beneficial use shall be made on or before	
March 22, 1960 . Proof of the application of water to beneficial	Ų.
use must be filed with State Engineer on or before April 22, 1961.
